

TECHNICAL DATA SHEET

Product: IsoBond Adhesive
Issue Number: 003
Issue Date: January 2013

Product Information

Description

IsoBond is a water-based, acrylic adhesive.

Application

To be used as an adhesive to adhere IsoRubber products to concrete, screed, chipboard and plywood.

Appearance & Packaging

Supplied in 5 Litre tubs.

Coverage: Approx 20m² when applied with a 1.5mm triangular notched trowel (dependant on floor surface).

Tub Weight:6Kg

Physical Properties

Type of Solvent : Water based

Specific Gravity : 1.02 – 1.04

Viscosity : 160,000 – 240,000cps

Heat Resistance : 45°C

Storage : 12 months between 5 – 25°C - Protect from frost.
